

OLE HARDERS

Contact persons

As a consultant, Ole Harders has been helping organisations to develop new forms of meaningful collaboration for over 10 years. As a sparring partner for (top) managers and project teams, he primarily supports companies in growth and professionalisation processes.

His consulting focus is on cultural observation, organisational design and supporting change initiatives.

Ole Harders studied business administration at the University of Bremen, specialising in business psychology. He holds a degree in business administration and is certified in personality, team and organisational diagnostics.

Briefly: Business graduate, business studies with a focus on business psychology, systemic organisational consultant, over 10 years of professional experience
