

OLE HARDERS

Contact person

As a consultant, Ole Harders has been guiding organizations towards new forms of meaningful collaboration for over 10 years. As a sparring partner for (top) managers and project teams, he primarily supports companies in growth and professionalization processes.

His consulting focus is on cultural observation, organizational design and the support of change initiatives.

Ole Harders studied business administration with a focus on business psychology at the University of Bremen. He holds a degree in business administration and is certified in personality, team and organizational diagnostics.

In short: studied business administration with a focus on business psychology, systemic organizational consultant, over 10 years of professional experience
